Description :

PDF-8424e | Capitalism is going to end Peter Frase argues that increasing automation and a growing scarcity of resources, thanks to climate change, will bring it all tumbling down. In *Four Futures*, Frase imagines how this post-capitalist world might look, deploying the tools of both social science and speculative fiction to explore what communism, rentism, socialism and exterminism might actually entail. Could ... *Four Futures: Life After Capitalism (Jacobin)*
