Description :

PDF-86feb | According to virtually every business writer, we are in the midst of a new "information age," one that will revolutionize how workers work, how companies compete, perhaps even how thinkers think. And it is certainly true that Information Technology has become a giant industry. In America, more than 50% of all capital spending goes into IT, accounting for more than a third of the growth of the enti... *Information Ecology: Mastering the Information and Knowledge Environment*
