Description :

PDF-9204f | Macroeconomics: Institutions, Instability, and the Financial System integrates the modern monetary framework--based on the 3-equation model of the demand side, the supply side, and the policy maker--with a model of the financial system. The authors comprehensively address the limitations of the mainstream macroeconomic model exposed by the financial crisis and the Eurozone crisis. The text guides ... *Macroeconomics: Institutions, Instability, and the Financial System*
