Description :

PDF-afb72 | Karl Marx's Capital is one of the most important texts written in the modern era. Since 1867, when the first of its three volumes was published, it has had a profound effect on politics and economics in theory and practice throughout the world. But Marx wrote in the context of capitalism in the second half of the nineteenth century: his assumptions and analysis need to be updated in order to address... *Marx, Capital, and the Madness of Economic Reason*
